

ABOUT US

Domalong Ltd is a multi-Commodity Trading Company, serving number of industries, established at Cyprus in 2007.

We buy physical commodities and transform them into customised, consumable products that meet the requirements of our customers through:

- our logistics and transportation services,
- our price risk management and hedging services,
- our processing and blending capabilities and
- our structured and trade financing solutions.

Domalong Ltd acts as principal to buy commodities from producers in the form they want to sell them and sells commodities to consumers in the form they want to buy them.
